

DALINA GENETICS® IS PROUD TO INTRODUCE

PASODOBLE

NOVEL CULTIVARS OF OSTEOSPERMUM WITH DOUBLE FLOWERS

DALINA® PASODOBLE

At Dalina Genetics we have been focusing upon improving the genetic plant quality of the double flowered cultivars to reach the level of the best single flowered cultivars on the market. These 3 first introductions meet this target and we are convinced, that they will enable growers to produce a high quality product of double flowered Osteospermum and thereby extend the offer of attractive Osteospermums.
